**Read before presenting:** 13 of these 41 stocks have only 4-7 years of F&O futures history (2019-2025) — a high win rate on 5-7 trades is a strong signal, not a certainty. Only ADANIPORTS here has the full multi-decade cash-equity backtest.

**Caveat:** best-direction-per-stock selection fits history closely but has repeatedly underperformed a single uniform index-backed direction out-of-sample in this project's own testing.

Upcoming 20-Oct-2026 entry/exit schedule for every stock here is in the companion Excel, Position\_Schedule\_2026 sheet.
